PROFESSIONAL SUMMARY

Creative frontend developer with 3+ years of experience building responsive and accessible web applications using Vue.js, JavaScript, and Bootstrap. Passionate about performance optimization and delivering seamless user experiences.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript
Frameworks & Libraries: Vue.js, Vuex, jQuery, Bootstrap
Styling: Sass/SCSS, CSS-in-JS
Tools: Git, Webpack, NPM/Yarn
Other: REST APIs, GraphQL, Figma, CI/CD

WORK EXPERIENCE

Frontend Developer | Freelance *Jul 2021 – Present*

- Design and develop responsive, cross-browser web applications for a range of clients using Vue.js, JavaScript, and Bootstrap
- Deliver projects end-to-end, from translating Figma designs into pixel-accurate UI through to deployment
- Manage client requirements and timelines independently, providing ongoing post-launch support (selected work below)

Frontend Developer | IVAS Corp, Cairo *Sep 2018 – Jun 2021*

- Refactored a WordPress-based web application into a custom HTML, CSS, JS, and Laravel solution, improving load time by 35%
- Integrated REST APIs and collaborated with the backend team to design and implement scalable components
- Translated designer mockups into fully responsive, cross-browser-compatible UI
- Built reusable components and libraries to speed up future development
- Optimized applications for speed and scalability while ensuring the technical feasibility of UI/UX designs
